MEDICINAL.

A Woman's Prayer

It is notable that in the despondency caused by womanly diseases, there seems to be a suffering woman no way of escape from pain except at the price of life itself. It would be sad to record such a story of struggle and suffering except for the fact that in such dire distress many a woman has found a way back to health and happiness by the use of Dr. Pierce's Favorite Prescription. The one and only remedy for leucorrhoea, female weakness, prolapsus, or falling of the womb, so absolutely specific and sure in curing these common ailments of women, as to warrant its makers in offering to pay, as they hereby do, the sum of \$250 reward for a case of the above maladies which they cannot cure.

"Your medicine almost raised me from the dead," writes Mrs. Edwin H. Gardner, of Egypt, Plymouth Co., Mass., Box 12. "My urine was like brick dust, and I had pain all over me, and such a dragging feeling it seemed I could not do my house work. One day I found a little book. I read it and wrote to Dr. Pierce, and in a few days received an answer. I decided to try his medicine, and to-day I am a well woman. I have no headache, no backache, no pain at all. I used always to have headaches previously to the monthly period and such pain that I would roll on the floor in agony. I took three bottles of Dr. Pierce's Favorite Prescription and three of 'Golden Medical Discovery' and three vials of Dr. Pierce's Pleasant Pellets, and was completely cured."

Accept no substitute for "Favorite Prescription." There is nothing just as good. Dr. Pierce's Common Sense Medical Adviser—sent free on receipt of stamps to cover expense of mailing only. Send 21 one-cent stamps for the book in paper covers; or 31 stamps for the cloth bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

THIRTY RUSSIANS KILLED.

A dispatch from Seoul says that Russian soldiers operating in the vicinity of Anju are committing all manner of excesses, maltreating the native women and perpetrating robbery upon every opportunity. Korean soldiers attacked a body of the invaders on Friday last, March 4, and succeeded in killing 30 of them.

It is reported that as the result of a collision between Russian and Korean soldiers at Kang-Ge the Russians were driven beyond the Yalu river.

It is believed that the Russian Vladivostok squadron is now in the vicinity of the mouth of the Tumen river, engaged in covering the movement of troops from Possiet bay to the Valley of Tumen.

Russian scouts are reliably reported to have penetrated south as far as King-Sung. The earlier Russian movement into northeastern Korea was regarded as a diversion, but it now appears that a considerable force participated. It is thought that the Russians may occupy and fortify some strong position on the Tumen river. Reports regarding Russian movements in northwestern Korea are meager and unreliable.

The force north of the Yalu is being increased, but it is doubted if any considerable number of Russians have crossed the river.

The construction of the railroad from Seoul to Ping-Yang will be begun on March 10, and the line will be completed by September.

It is believed at the Japanese legation in London that the Japanese are now between the Russian cruiser squadron and Vladivostok, and there is reason to believe that the Russian squadron is in the vicinity of Possiet bay.

Russian official dispatches do not mention this squadron, and this fact lends color to the belief that the Japanese warships have shut it out of Vladivostok. It is pointed out at the legation that if this is true the Russian vessels are in a critical position, since they must run the gauntlet of the Japanese squadron off Vladivostok or the Japanese squadron off Port Arthur before reaching a Russian port.

Cabling from Ping Yang, Korea, under date of March 6, a correspondent of the London Daily Mail says that 2,000 Russian cavalrymen, with seven guns, retreated last Wednesday through Kusong and Sonchon toward Wiju. They destroyed the telegraph lines.

China has granted exequaturs to the United States consuls who have been assigned to Mukden and Antung, in Manchuria. The United States government has accepted these exequaturs from China, and has thereby officially announced that in the eyes of this country China, and China only, has sovereignty over Manchuria.

It is said at the State Department in connection with the granting of the exequaturs that there is not and never has been the slightest intention on the part of this government to consider Russia in connection with the consularships at these two ports. The United States refuses to recognize Russian control in Manchuria, and intends only to deal with China when questions affecting Manchuria are to be considered.

The news received in Washington from China continues to have an ominous look. Great pressure is being brought to bear by this and other neutral powers to prevail upon China to preserve her neutrality and take no part in the war between Japan and Russia. Information has been received that Japan is working to keep China out of the war, realizing that if she breaks her neutrality proclamation there will be every reason to look for a partition of China between the powers of Europe.

According to the Vienna Neue Freie Presse, M. Benckendorff, the Russian Ambassador to England, has returned to London from St. Petersburg bearing an autograph letter from the Czar, in which mention is made of the eventual mediation of arbitration between Japan and Russia.

Leadbeater & Sons' drug store.

It Will Surprise You—Try It.

It is the medicine above all others for catarrh and is worth its weight in gold. Ely's Cream Balm does all that is claimed for it—B. W. Perry, Hartford, Conn.

My son was afflicted with catarrh. He used Ely's Cream Balm and the disagreeable catarrh all left him.—J. C. Olmstead, Arcola, Ill.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts, or mailed by Ely Brothers, 56 Warren St., New York.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children with teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Floods in the Susquehanna.

Port Deposit Md., is battling with its worst flood in many years. There was a general movement of the ice in the river yesterday afternoon for the first time since February 14, and it was followed by a rapid rise of the water, the high-water mark of the season being reached in a few minutes.

The situation is becoming extremely serious. All the industries are paralyzed and the entire laboring population of the town is idle. Food is scarce and fuel is scarce. Thousands of dollars' worth of damage has been done to private property.

About 100 families have been forced to flee from their homes by the intrusion of the waters and are being housed by their more fortunate neighbors. As many as five families are crowded into one house. All the wharves are under water, the railroad tracks are submerged and no trains have run to or from Port Deposit since Friday night.

The "run" of the ice which caused the high water of yesterday occurred about 3 o'clock in the afternoon and lasted 15 minutes. It was followed by the water rising nearly four feet in almost as many minutes. All about 150 yards of Main street was submerged.

Chamberlain's Colic, Cholera and Diarrhoea Remedy

Is the best and most popular medicine in use for bowel complaints. It never fails and is pleasant to take. Mr. R. Woodward, of Rosslyn, Ky., says, "I have handled Chamberlain's Colic, Cholera and Diarrhoea Remedy for twelve years; I have never sold a bottle that did not give perfect satisfaction, and it is the best selling diarrhoea medicine that I handle."—For sale by Richard Gibson.
